⊏ Enhance

Let Captura Enhance do the heavy lifting so you don't have to

Say goodbye to tedious editing tasks

Captura Enhance offers a state-of-the-art, AI-powered image editing platform, enabling photographers and studios to automate and streamline the entire post-production process.

From portrait studios to high-volume photography businesses, Enhance ensures quality editing at scale while drastically reducing turnaround time.

Why Enhance?

Human quality, machine speed
Achieve studio-quality results instantly with AI-driven enhancements like retouching, color correction, teeth whitening, and background removal.

Scalable & flexible
Whether you're handling 10 images or 10,000, Enhance scales with your business needs and integrates smoothly into existing workflows.

Save time & money
Used by industry professionals who rely on consistent, high-quality results.

Cross-platform compatibility
Enhance works seamlessly across Mac and Windows, making it accessible for any studio setup.

Key features you'll love

Background removal
Instantly eliminate backgrounds for perfect portraits.

Glare and braces removal
Effortlessly remove glare from glasses and brighten smiles by erasing braces in your portraits.

Automated cropping
AI-driven precise cropping to enhance facial focusing.

Teeth whitening
Subtle, natural whitening to improve portrait aesthetics.

Color correction
Consistent and accurate color correction to enhance every image.

## Powerful capabilities

Batch processing
Edit thousands of images in minutes.

API integration
Easily integrates with existing studio software to enable smooth workflows.

Customizable AI profiles
Adjust Enhance's AI to match specific aesthetic preferences or brand guidelines.

Spend more time doing what you love

High volume photographers
Automate bulk photo editing for your schools, sports, and events.

Portrait studios
Enhance client images quickly and professionally with instant background removal and color correction.

Bill Freeman
Owner at Freeman Photography

"Even in the digital world there is a lot of work to be done to get head size and color composition correct to ensure uniformity. Enhance has streamlined my workflow by building and testing out a personalized profile. It's been fabulous working with them."

Save time with Enhance

Streamline your editing & retouching process by **up to 90%.**

Leverage Enhance inside Workflow

Speed up your workflow
Enhance's powerful image editing tools are fully integrated into Workflow, making it easy to speed up post-production. From cropping to lighting adjustments and background removal, you'll get galleries live faster than ever.

Increase your average order value
Boost your revenue by upselling Enhance's services directly in the shopping cart. Let parents add extras like braces removal, retouching, custom backgrounds, and more to personalize their purchase.

Who are we?

We're Captura, and for 20+ years, we've been on a mission to help studios work smarter and grow faster. With Enhance, we've combined top-notch AI editing and a seamless workflow that's all about making your life easier.

Our shared goal? To save you time, boost your revenue, and keep your clients coming back for more—all while respecting the legacy of our incredible industry.
