

# Simplify school photography with secure, cloud-based management and seamless file access

## Is managing your school photography workflow a headache?

### School Portal to the rescue

Captura School Portal is your go-to cloud-based portal designed to simplify your school photography operations. It lets studios connect with schools effortlessly—no software installations or hardware loans are required.

## Why School Portal?

### Boost your efficiency

Put your feet up! Manage all your school services without leaving your studio.

### Keep your data safe

Our secure web platform ensures your data stays protected.

### Adapt to any need

Whether it's a single school or an entire district, School Portal scales to fit.

## Key features that make your life easier

### Manage student directories

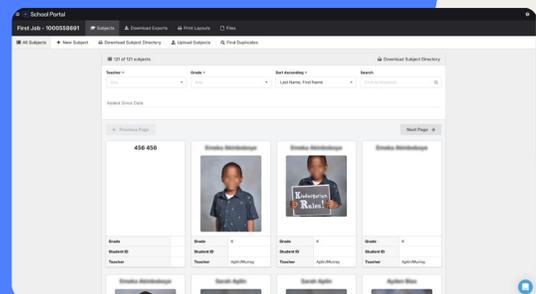

Easily update student information and print pictorial directories.

### Access anytime, anywhere

Securely login and access all your data and images from any device.

### ID card printing

Quickly replace lost or stolen student and staff IDs, no more waiting around!

## Take control

Transform how you manage your schools with School Portal.

### Stay connected

Communicating with your schools is about to get easy.

### More features you'll love

- Simple reporting**  
Download all the reports you need, yearbook, admin, and customize in seconds.
- Custom awards & certificates**  
Create and print awards, certificates, and more right from the platform.
- Seamless file transfers**  
Easily transfer files between studios and schools, with no physical exchange required.

- Total integration**  
School Portal works with Workflow and other Captura tools for a complete, streamlined experience.
- Flexible access options**  
Choose from individual school access or district-wide, whatever suits your needs best.

General Manager  
Strawbridge Studios

“School Portal has revolutionized our picture and data sharing process with our schools. Instead of emailing download links or propping up zip files on clunky sharing sites, we now use School Portal’s streamlined process for sharing student images with our schools. Teachers and faculty now have an easy way to look students up, reproduce lost ID cards, and create student management data exports.

Easy to learn and quick to setup, School Portal is ideal for any sized business in the school picture space. Whether it’s underclass, sports or seniors, you should sign up for a demo and see what School Portal has to offer today!”
