UNDERSTANDING SHIPPING

Technicare uses multiple couriers and will choose the most affordable and efficient option to ship your orders. Canada Post will be the default courier when the address contains a P.O. Box or is considered a “Beyond Point” by any other courier.

If you prefer to ship with a courier different than the assigned, we have an Alternate courier surcharge of \$10.00 for ground shipping. For express service it will be at actual cost.

We encourage you to use our Order Tracking System to monitor your orders. You can access this by logging into your account at www.technicare.com and click on “My Orders”.

All ground and express shipments are fully traceable and include our Delivery Guarantee; if there is a problem with the shipment (damaged or lost) we will redo the order at no cost.

To offset additional courier charges, we have implemented the following fees:

- Shipment Returned, Redirected, Address Changed or Unclaimed Receiver Fee: \$19.00
- Ship multiples pieces ground (For shipments shipping with Canada Post only)
If possible, provide a physical address to ship multiple pieces
If there are 2 or more pieces and we can't ship with another courier, we will charge the actual cost.
- Ship multiple pieces ground (For shipments shipping with any courier except Canada Post)
6 to 10 boxes: Flat Rate of \$50.00 in addition to shipping or drop ship rates.
If the shipment contains more than 10 boxes, the actual cost will be charged.

Oversize Shipping fees:

For details, please see the
oversize fees chart.

PLEASE NOTE: Oversize and
handling fees are per piece and
in addition to regular shipping
