

Understanding Shipping

Technicare uses multiple couriers and will choose the most affordable and efficient option to ship your orders. Canada Post will be the default courier when the address contains a P.O. Box or is considered a “Beyond Point” by any other courier. If you prefer to ship with a courier different than the assigned, we have an Alternate courier surcharge of \$10.00 for ground shipping. For express service it will be at actual cost. We encourage you to use our Order Tracking System to monitor your orders www.ordertracking.technicare.com. All ground and express shipments are fully traceable and include our **Delivery Guarantee**; if there is a problem with the shipment (damaged or lost) we will redo the order at no cost.

To offset additional courier charges, we have implemented the following fees:

Other handling fees:

- Shipment Returned, Redirected, Address Changed or Unclaimed Receiver Fee: \$18.50
- Ship multiples pieces ground (**For shipments shipping with Canada Post only**)
If possible, provide a physical address to ship multiple pieces
If there are 2 or more pieces and we can't ship with another courier, we will charge the actual cost.
- Ship multiple pieces ground (**For shipments shipping with any courier except Canada Post**)
6 to 10 boxes: Flat Rate of \$50.00 in addition to shipping or drop ship rates.
If the shipment contains more than 10 boxes, the actual cost will be charged.

Oversize Shipping fees:

For details, please see the oversize fees chart.

PLEASE NOTE: Oversize and handling fees are per piece and in addition to regular shipping and drop shipping fees.

SHIP TO STUDIO - LETTER RATE: This service is our most economical, but **Letter Rate Service is not traceable**, and it does not include our Delivery Guarantee. The cost for reprinting and shipping orders that fail delivery or get damaged, falls on the studio. The delivery time is approximately 2 to 21 business days. This service is designed for smaller print orders that can be sent directly to the studio in sturdy cardboard mailers up to a maximum print size of 8"x12" and/or 500gr.

UPS STORE PICK-UP (As Selected in order options) (Canada Only):

For your convenience, we can ship packages to most UPS Stores across Canada to be held for pick up. Shipping ground Flat Rate will apply. The UPS Store must be part of the UPS Access Point Program with UPS. Canadian UPS Stores can be selected in the drop-down menu in the order options screen.

Please note: You will be notified by e-mail when packages leave our Edmonton lab. Orders are held at these independently owned stores for only 5 business days; after this time packages will be sent back for re-delivery. To see delivery times and charges please refer to the "Ship to Studio" chart. The maximum product size for this service is 24"x36".

SHIP HOLD - for studio release:

Allows you to control precisely when orders are shipped. Orders marked with the Ship Hold Option will be collected and released upon your request. Monitor the progress of all orders using our online Order Tracking System and simply contact us when you want them sent. Payment for all Ship Hold orders will be processed at the end of the month.

SHIP TO STUDIO - EXPRESS: When you request the Express Shipping Service, your order will ship on a priority basis.

The ROES ordering software will calculate the shipping cost when this service is selected.

This express service applies to shipping service only. There is no expedited production of the order in the lab. The orders will ship the same day that they are done if they are completed before the shipping cutoff.

DROP-SHIPPING:

Another shipping service is our Drop Ship Program. If you choose this service, we will ship your orders directly to your client's address. We won't include any invoicing with orders. Our drop ship parcel rate includes tracking and insurance, whereas our letter rate option does not.

For letter rate, the cost for reprinting and shipping orders that fail delivery or get damaged falls on the studio.

Extra charges will apply in addition to the drop shipment charges for oversized items (see oversized chart) and/or for multiple boxes.
